- Carbon Forged Steel Branch Connections CS-201. This is a weighted average increase of 11.5% over Price Schedule CS-200.
- WFI Forged Carbon Steel Branch Connections WFI-41. This is a weighted average increase of 11.5% over Price Schedule WFI-40.

This increase is precipitated by rising raw material and overall operating costs. Should these costs continue to escalate, we will be required to further adjust our prices accordingly.
